

Virtual Summer Activities

Virtual Summer Activities are open to all ages!! Families can choose between two options: Option number one is an activities kit, allowing the member to complete the activity on their own time; option two includes the choice between an AM or PM zoom session accompanied by an activities kit. Families can pick up their activity kits from safe locations, or have them delivered to their homes (for an extra charge). Activity kits will include supplies for activities such as crafts, games, songs and so much more!
